NAMED VILLE, June 28, 1852.

COL. L. P. Curathan: — Dear Sir:—I have been using the "Resping and Mowing Machine" patentened by Manney of Illinois, which you are now offering to the citizens of Tennessee. It is a FIRST MAYO LABOR SAVING MACHINE. It works nessee. It is a first any LABOR saving Maching. It works knarry and amount. The amount cut per day will depend principally upon the speed of the beam. If the team can ravel four miles per hour, it will Reap or Mow, fifteen acres a ten hours. It is suitiled to the confidence of the public. Hespectfully.

Dr. Bishson:—I take the liberty and fell it to be my duty to recommend to all persons andering from disease of the stomach and bowels, your Alterative Companied, as a very seperior medicine. My son, aged 15 years, had been under seperior medicale. My son, aged 15 years, and been under medical treatment about five years for dyspepaia and diarrhea—when having almost despaired of his recovery, I concluded to try your Aiterative, two bottles of which, I believe, entirely cured him.

HINTSVILLE, Oct. 17, 1852.

Du. Blanson—Some time has claused since I gave a cet tificate that my wife had been greatly benefited by your Alterative Compound. I now take pleasure in saying to the public, that my wife had for three or four years been the public, that my wife had for three or four years been subject to the worst kind of spells of cramp in the stomach from dyspepsia. I had tried of several whom I thought to be the heat physiciana in the place and a great many differen medicines, with momentary rollef. Baing persuaded to try your alterative compound, I did so—and I am happy to say that it has entirely cured her; and I would conscientiously recommend it to all persons suffering from diseases of the liver and dyspepsia.

IIUSTSVILLE, Sept. 29, 1851.

Dr. Bernson—Having seen the publication of your Alterative Compound, I think it my duty to say to the public, that I had been for years subject to spells of Cramp Colle, in its worst form; that I had triad almost every thing that is given by physicians, and never found any thing that would certainly relieve me, until I tried the above medicine, which has relieved me in every attack in less than an hour. WH. B. LLOYD.

Dr. Blanson:—I feel that I should fall short of my duty o you and to those who are afflicted, were I not to further you and to those who are almeted, were I has entirely re-command your Alterative Compound. It has entirely re-wed me, so that I have not had cause to take anything in which in the compound with impounity, and two months. I can eat anything I want with impunity, and believe my health is as good as it ever is at my advanced age. Should I ever suffer from dyspepsia again I shall be sure to call on you. I am very respectfully your friend.

Sabbath Desecration.

BY REV. WILLIAM T. PINDLEY "What will thing is this that we do, and profune the Sabbath day?"

Num. 13: 17.

The first day that ever dawned upon man on earth was a Sabbath-a day of holy rest to the Lord-The world's creation had just been completed .-Man, the last and noblest work of God below, had ast emanated from his Creator's hand, and been endowed a living soul; and God had looked forth upon the creatures he had made, and pronounced all "very good." Then, "the morning stars sang together, and all the sons of God shouted for joy."-Then, scenes of adoration were transacted in heaven, by angel and archangel, to the Great Jehovah, the Incomprehensible Architect of the universe. for this latest achievement of his power and wisdom, and this new accession to his natural dominion. God rested from his creative labors; and man, devoted self-consecration which should be the disa reasoning, intelligent, worshipping being, for the tinguishing feature of Christian character. And first time, then, beheld the wonderful works of his Creator, and contemplated him in all the magnificent array of animate and immimate nature around God as they ought to love and serve Him, -never

life, with a pure and perfect heart, with a keen and was it possible that man, under these circumstances. could devote the first day of his earthly existence | the Subbath. otherwise than to the worship of Him who was Supreme in all his thoughts and affections? God rested from his labors, and blessed and hallowed the day on which he thus rested; and man could not infringe on the sacredness of that rest to enter immediately upon the pruning and dessing of that sumptuous garden in which Infinite Benignity had placed him. No, no; the first day of his existence must have been a blessed, holy, Sabbath day. How many Subbaths of this description were enjoyed in Eden, we know not.

But, alas! man soon fell from his pristine interrity and happiness. Iniquity prevalled over him; and, as a consequence, he, with all his posterity, was involved in depravity and sin. The law of God then became a burden to his soul, and the Sabhatia ceased to be a delight. Selfishness was constituted the ruling principle of his thoughts, feelings and actions, and his subsequent history was a history of dark and universal rebellion against the Sovereign of the universe. The language of the human heart then was, "Who is the Lord, that he should rule over us?-the Lord, that we should obey him?"-HENTSYMER, Ala., August 24, 1851.

This is to certify, that I had suffered for many years with Dyspepsia and Diseases of the Liver. Physician after Physician had prescribed for me without my receiving any benefit, when I commenced the use of Dr. Bledsoe's Alterative Compound, which curved me soundly, and I recommend it because of the same happy effect upon others of my acquaint ance.

The children of this noble patriarch then became a peculiar people in the world. and to them, eventually, written by God's own finger, on tablets of stone, in significancy of the perpetulty of their obligation, was presented that inmitable code of moral precepts, the ten commandments, embracing the whole duty of man to God, and of man to his fellow man.

Of this code, thus communicated, the precept requiring the observance of one day in seven as holy to the Lord, occupies a position near to its center, evidencing that it is not the least important of the commandments with which it is associated-if, in deed, one commandment can, in any sense, be esteemed more important than another. This precent is but a transcript of that law in reference to the seventh portion of our time, which was promulgated to man from the beginning, and was then inscribed upon his heart-which has been obligatory upon him in all succeeding, ages, and is destined to be obligatory upon him to the end of time;

Sabbath desceration is a sin of no triffing moment. It is rebellion against Jehovah, and consequences portentous as eternity are suspended upon the inspiration of the Lord, declares that it is an evil thing to profane the Sabbath day, and the inquiry is instituted, what evil thing is it, or in what

does the evil of Sabbath profanity consist? We will attempt an answer: It is a violation of God's positive command, to "remember the Sabbath day and keep it holy;" it is a disregard and contempt of his will and authority, as thus expressed, for our government, and therefore comes in offensive collision with the source of all law and barmony, and of all perfection and happiness. It is actuated by the most ungrateful selfishness, appropriating to secular pursuits, or carnal enjoyments. that small portion of our time which God has reserved as sacred to his worship, and for the cultivation of our spiritual natures for higher and holier uses than those which are worldly-for a blessed and glorious immortality, while God has so generonsly given us six days out of the seven to be devoted to the ordinary avocations of life.

The Israelites were possessed of a distinguishing privilege in the fact that God had given to them the Sabbath. But they, in their ignorance and wickedness, did not appreciate the blessing. They became a nation of Sabbath-breakers, and what was the consequence? The judgments of God visited them; His favors and protection were withheld, and the Babylonians came and carried them away into distant and long captivity. Sabbath desecvation was one of the principal sins for which they thus suffered. To this fact Nehemiah referred. when he uttered the words of our motio. The Jews had just been restored to their covenanted lands, their city rebuilt, and the temple and its worship recovered from ruins, and reinstated. But directly, the very same sins for which they had just ceased to suffer began to be commonly perpetrated among them. Then Nehemiah "contended with the nobles of Judah, and said unto them. What evil thing is this that ye do, and profane the Sabbath day?-Did not your fathers thus, and did not our God bring all this evil upon us, and upon this city? Yet ye bring more and more wrath upon Israel by profaning the Sabbath." Other prophets participated with Nehemiah in denouncing, in the name of God, this evil. Jeremiah, in warning the citizens of Jerusalem against its perpetration, says, "Thus soith ground for their Cathedral, which is to be an imthe Lord, if ye will not hearken unto me, to hallow mense edifice of stone, and will probably consume HAVE this day associated with me in the Saddling Bu- the Sabbath day, and not to hear a burden, even I siness my sou, A. A spirit of Christian liberality prevails through (Amos 8: 4-10.)

-And yet, how prevalent is this evil among Christians! How little is the true value of the Subbath estimated among the professed disciples of the Savior! How few, even of the followers of the holy Jesus, faithfully discharge the obligations devolving upon them, to remember the Sabbath day and keep it holy! And to this fact, we trace the spiritual barrenness and desolation of the Christian soil,—the manifold inconsistencies which, so frequently, characterize the Christian profession. San Francisco, July 1st, 1853. The past fortnight has been one of great interest to our citizens. The Rev. William Speer, missionary to the Chinese, having been engages i de vering a course of lectures on China and t Chin crowds have slocked to hear him, on every evening. enough to accommodate the masses who sought to attend. The course will be repeated in another

part of the city.

Mr. Speer was, for several years, a missionary in China, and having become master of the language, ie was sent to this port by the American Foreign lissionary Society, to labor among the Uhinese now flocking to our shores in vast numbers. Already over thirty thousand Chinese are now residents of

Mr. Speer has already, in an eminent degree, secured the confidence of the better class of the Chinese, who are anxious to have a Clapel and Lyceum erected for the instruction of their countrymen, and they have themselves opened

Mr. Speer has, for several Sabbaths, been occupy ing the pulpit of the Rev. Mr. Williams during his emporary illuess, and has made many friends, baying preached with great success and ability. His sermons are delivered with a fervor and simplicity vice, in the midst of this rebellions race, God chose of style and manner, well calculated to carry conviction to the heart of every hearer, and to leave upon the minds of all, an impression of the purity and sacredness of that Gospel which he has been sent to preach. There is no preacher among us, whose efforts promise such great things, as those of him of whom I now speak; and we trust the friends of China and the Chinese in the Atlantic States, will not forget him, who is thus laboring for the evangelization of the Chinese in California.

In this connexion, I must not forget the labor of ove recently undertaken in our city by the Rev. W. C. Pond, who arrived here a few months since in the ship "Trade Wind," having been sent out here. with others, by the American Home Missionary Society. Mr. Pond selected a site in a destitute and remote part of our city, (North Beach, foot of Telegraph Hill. He began by interesting property-holders in the work, and succeeded in getting a five years' lease (gratis) of an eligible building lot, and just five weeks since he began to cart lumber to the ground for the erection of a church. It is all of whom were to him entire strangers.

So it is; the work is prospering; and last Sabbath this house was dedicated to the service of Almighty God. We noticed that the Rev. Messrs. Willy and Hunt took part in the exercises, the sermon being preached by Mr. Pond to a crowded congregation. The house was literally packed; benches were put under and around the windows, that all might hear it. The prophet Nehemiah, in the name and by the word of God, as it fell from the lips of our young brother, who has indeed shown himself to be a true Californian in spirit, having, by his own efforts, built a house and dedicated it to the service of Almighty God.

Among the crowd, we noticed the Rev. William Specr. Rev. Mr. Gray of the Unitarian courch, Rev. M. Briggs, Rev. Mr. White, Rev. Frederick Buel, Rev. Biakeslie, and others,—showing the great interest felt in this missionary field by the various clergymen of different denominations in our midst. The text chosen by Mr. Pond at the dedicatory services will be found in 2d Corinthians, 4th chapter, 7th verse. "But we have this treasure in earther vessels, that the excellency of the Power 1 4y be of God and not of us." At the close of the sermon, a collection of eight hundred dollars was ta- trate, or follow the spirit to its last account - Zion's ken up, being at the rate of over two dollers for every man, woman, and child present, which 'caves only six hundred dollars yet to be collected.

I think I may safely say, that before another Sabbath dawns, money enough will have been collected to pay for the building entire. Where, I ask, has a similar work been so well done, in five short vecks? Thinks to the American Home Missionary Society for sending us such a man; and may add, such a company; for all of the eight by the Trade Wind, promise great things, Just to give your readers some idea of the extent

of our growth, and rapidity with which we ouild up towns and cities, I would remark that the town of and relation to us, that Brooklyn does to New erage one new house every day is commenced! They have a fine academy under the charge of Mr. Duncan; and on the Subbath, stated preaching by the Rev. Mr. Bell, one of the missionaries of the American Home Missionary Society, recently arrived per the Trade Wind. Mr. Bell informs me tout he s now engaged in building a Church, 46 by 75, and he intends to pay for it as the work progress's. The First Congregational Church, T. Dwight Hunt, pastor, have at last completed their the brick Church edifice, at a cost of forty-five thousand dollars. The Church is to be dedicated the second Sabbath of this month. The Unitarian Church have nearly completed their brick edifice, and have paid \$45,000 in cash. It will require about \$5,000 more to complete it. The Rev. Mr. Gray, of Boston, pastor, has arrived,

and will enter upon his duties, the third Sabbath of this mouth. The Church will be free from debt on its completion. They give Mr. Gray a salary of \$5,000 besides a thousand dollars sent to defray his expenses out. The Roman Catholies have commenced breaking
